

STAYING CONNECTED

Frequent and effective two-way communication is a priority of the South Park School District. The district uses a variety of methods to achieve this goal.

sparksd.org

The district's website (sparksd.org) is constantly updated with important information and news from all three South Park schools.

Eagle Eye E-Newsletter

The Eagle Eye E-Newsletter is sent to families twice per month through SchoolMessenger. Community members who wish to be added to the distribution list should email communications@sparksd.org.

Please know that if you unsubscribe from the Eagle Eye E-Newsletter, you will no longer receive any emails from the South Park School District or any of its schools.

South Park School District App

Download the South Park School District smartphone app for district news, calendars and push notifications.

SchoolMessenger

SchoolMessenger helps us send important information to all district families or to families with students in certain grades or buildings via email or phone message.

The success of this system relies on the accuracy of contact information. If your phone number or email address have recently changed, please contact your school office immediately.

Peachjar

The district now uses Peachjar, an electronic flyer delivery system. Peachjar allows us to deliver eFlyers from the district, schools, boosters, parent groups and community groups to your email instead of copying them.

There is no need to log in to Peachjar unless you want to change your eFlyer delivery preferences.

If you missed an email, you can see all current eFlyers from your child's school by clicking the Peachjar link on each school website.

Community groups interested in sending an eFlyer to South Park families can create an account on Peachjar.com. More information can be found on the Peachjar page on sparksd.org.
